- Physio room (Time currently 0.5hr weekly)

Time currently listed above Our costs for this provision is £87.00 plus vat weekly

Recommendations

- These prices are based as seen and on what we were informed at the time. If customers have left areas in any different state than advised this would result in taking longer to put right. Whilst we would expect staff to move the jobs accordingly, if a situation is recurrent then this could effect the allocation of hours. 3 hours daily appears ok, but we would advise 3.5hr daily or 2 hrs weekly as an extra to ensure the deeper cleaning is maintained.
- We would recommend more time in the Physiotherapy room as the shower is used and would need to be cleaned properly to reduce limescale .
- A deep clean of all areas would be recommended to ensure that the start of the contract the condition is as best as it can be. This would be a separate cost to this contract.
- Separate cleaning request for special events such as the Watercress festival, The Alresford Music Festival and the Alresford Fireworks evening. This was advised at the time of the initial quotation.
